We will come 30 minutes after your time of arrival. Before we come to the airport, we check the exact airplane landing time on the airport website. We will know exactly when you arrive.

So, don't worry if you don't see us when you are outside, we are rarely late.

It is not necessary to call us to be sure if we are arriving or not, we are certainly driving to you.

If anything happens (delay for any reason) we'll call you to let you know.

If you want a shared transport only, you can inform us about it. In that case, we might offer you a transfer later than 30 min after you landing.

Few days before each transport, we check all the requests. If we have some transport which can be interesting for you, we will send you an email.
